

## One Mission

At AJinteractive, we are dedicated to providing advertisers and publishers with world-class search, direct marketing and media solutions – expertly tailored to the needs of our clients.

## One Impressive Portfolio

The AJinteractive portfolio of properties enables our clients the ability to communicate effectively with their target audience and tap into powerful revenue-generating opportunities. These highly visible properties include: Ask Jeeves, The MaxOnline Network, Excite and iWon.

## Multiple Solutions

Exceed your goals with our search, direct marketing and media solutions customized to suit your needs.

Reach thousands of customers everyday who are actively searching for your products and services. Capture your audience's attention and drive customers to your site with our Premier Listings and Branded Response Solutions.

**MAXONLINE**

Reach millions of unique visitors through more than a thousand sites. MaxOnline offers direct marketing and media solutions tailored to meet your needs. Services include: Lead Generation and Email Solutions.

With nearly 4.1 million unique users (per month) - Excite provides highly personalized content to create an engaging experience for consumers and a superior advertising environment for advertisers.

With nearly two million daily visitors and strong back end conversion, iWon offers superior targeting and database marketing capabilities. A registration and loyalty based portal, iWon provides advertisers with relevant consumer demographic and behavioral information.
